SHENZHOU X

The inspiration of Shenzhou X comes from Shenzhou x spacecraft and its re-entry module. The design combines the idea of wide light brown wicker and exposed white coating color, which makes the frame clean and simple. Weaving through the clouds, Shenzhou x is more like a sacred cottage and leads people to a future outdoor lifestyle. Hung from ceiling, seen to be taking off into the sky, the openness and freedom naturally generates a different kind of beauty.
